We are glad to note the little improvement however.

provement however.

A repetition of last years forest fires seems to have started already. For nearly a week flow smoke clouds have been drifting around from the west of us and there is a big fire out by the saw mills. The mill hands were kept busy back firing in order to save the mills for a while-according to reports which have come in, and the fire rages on. It is a crime that thousands of dollars worth of good timber should be destroyed this, besides it's many other tises. good timber should be destroyed fixe this, besides it's many other uses, think of the homesteader, and re-member the good old camping days in those same woods, the hunting, the fishing. It is up to each individ-ual to use care and discretion with fire while in the woods and save irreparable damage.

J. A. McGhee Elected President A. A. B. B. A

Influence of the Planets

Have the Stars Any Effect on Human

Long ago it was thought that stars had a great effect on us, and this belief gradually grew into a cult called as-trology. Every action of our lives was attrib-

Every action of our lives was attrib-uted to the influence of the planets. A child was born, "under" such and such a star, while other stars had more or less important powers over him, too, and by the position of these stars would his every action be regu-

lated.

Later on we discovered that the earth was, after all, only a star listelf, and not a very important one at that, and that it was not the centre of the universe as we had formerly thought. Yet there may be something in user today. The moon, we know, affects the sea tides, and probably also creates atmosphere tides. Pressure creates atmosphere decidedly does affect us, mentally and boilly, and therefore the old idea of the moon's affecting us may not be so wrong as we once may not be so wrong as we once may not be so wrong as we thought.

Sometimes shoe polish becomes hard in the box and not fit to use. You can sorten it and make it as good as ever if you add a little turpentine and let it stand for a short time.

Golf Rules - King

The following are a few of the rules in the game of golf. These rules will be published in a series each week until the full number of 36 rules have appeared.

NOTE-It is the Unwritten Law o Golf that a player shall not make a stroke until the nearest of the play-ers, whom he is following. is at least two hundred yards away, or, until such time as both are clear of the Green,

until such time as both are clear of the Green.

1 (a) The game consists in each side playing a ball from a teeing-ground into a hole by successive strokes. The hole is won by the stroke which holes its ball in fower strokes than the opposing side. The hole is halved if both aides hole out in the same number of strokes.

(b) A match is won by the sidwhich is leading by a number of holes greater than the number of holes. Matches constituted of single threamone, are foundable to the same number of holes.

Matches constituted of singles, the same number of holes are similar to be played. A match is halved if each side with esame number of holes.

Matches constituted of singles, threamone, are foundable shall have rescedence of and be cautiful to pass any other kind of match.

A single player has no standing, and shall always give way to a match of any kind.

A single player has no stoamatch, and shall always give way to a match of any kind.

Ary match playing a whole round shall be entitled to pass a match playing a shorter round.

If a match fall to keep its place on the green, and lose in distance more than one clear hole on the present of the players in front, it may be passed, or request being made.

2 (a) If a ball when not in play fall or be knocked of a tee by the player addressing it, it may be retend the player addressing it, it may be retend to be a supply that it is not be a supply that is not be a supply that it is not be a supply to a supply that it is not be a supply that it is not a supply that it

3 In a threesome or foursome the 3 in a threesome or toursome the partners shall strike off alternately from the teeing grounds, and sha!! stirke alternately during the play of each hole. If a player pllay when his partner should have played, his his partner should have

side shall lose the bols.

(a) A player is entitled at any time during the play of a hole to as certain from his opponent the number of strokes he has played; if tax opponent give seven player in the opponent give seven player in the opponent give which is a balayed, he shall lose the hole unless the correct his missake before the player has played another stroke.

(b) When playing through the green, or from a heard, a player may have the line to the hole indicated to him but no mark shall be placed nor shall mayors a shall on place the shall mayors a shall on the shall mayor a shall mayor a shall on the shall mayor a shall a shall a shall mayor a shall a

placed nor shall anyon; stand or the proposed line, in order to in. Steate it, while the streke is being

made.

The penalty for a breach of this Rule shall be the loss of the hole.

5 The ball must be fairly struck at with the head of the club, not

at with the head of the club, not pushed, exraped, nor aponned.

The penalty for a breach of third half and the head of the he

the Rutes and Local Rutes.

7 When the balls are in play, the ball further from the hole shall be played first. Through the green or in a hazard, if a player play when his opponent should have play when his opponent should have played, the opponent may at once recall the stroke. A ball so receated shall be dropped as near as possible to the place where it ley, without penalty.

8 A ball shall be dropped in the following manner:—The player himself shall drop it. He shall face the hole, stand erect, and drop the ball behind him over his shoulder.

The penalty for the breach of this Rule shall be the loss of the hole. If in the act of dropping, the ball touch the player, he shall incur no penalty, and, if it rell into a hazard the player may re-drop the ball without penalty.
